

April 28, 2025 - PlayWright – asked to write 10 testcases on Amazon.in Bestsellers

- Used **test.beforeEach()** – to navigate to the baseURL as it is used in all the tests

```
Test.beforeEach(async ({ page }) => {  
    await  
    page.goto('https://www.amazon.in/gp/bestsellers/?ref_=nav_em_cs_bestseller_0_1_1_2');  
});
```

- **Test01** – Verified page title

```
await expect(page).toHaveTitle("");
```

- **Test02** – Verified Amazon banner text

```
const bannerText = await page.locator("").textContent();  
expect(bannerText).toContain("");
```

- **Test03** – Clicked on Baby Products and captured different screenshots

captured screenshot of an element using – altText

```
await page.getByAltText("").screenshot({path: ""});
```

captured screenshot of the visible page

```
await page.screenshot({path: ""});
```

captured screenshot of the full page

```
await page.screenshot({path: "", fullPage: true});
```

- **Test04** – Clicked on Books category and verified product visibility

```
const products = page.getByLabel("");  
expect(products).toBeVisible();
```

- **Test05** – Clicked on Electronics and verified item visibility

```
const item = page.getByRole("");  
await expect(item).toBeVisible();
```

- **Test06** – Performing mouse actions

```
await page.getByRole('link', {name: 'Electronics'}).first().click({button: 'left'});
```

```
await page.getByRole('link', {name: 'Electronics'}).first().click({button: 'middle'});
```

```
await page.getByRole('link', {name: 'Electronics'}).first().click({button: 'right'});
```

- **Test07** – Performing keyboard actions

```
await page.keyboard.press('Tab');
```

```
await page.keyboard.press('Enter');
```
